"Designated Safety Officer" refers to an ad-hoc position determined programmatically as the officer in charge of ensuring safeguarding efforts and practices are as efficient and effective as possible.

"Management" refers to Chief Executive Officer and other senior officers as determined in the PAL Network Organogram.

"Partner" is a grantee or organisation that has entered into a formal agreement with PAL Network to implement an activity. It is different from the PAL Network members.

"Member" is an organisation or program admitted to PAL Network membership or an individual appointed as an honorary member.

"PAL Leaders" are the heads of the membership organisations/programs and serve as the formal representatives of the member organisations to the PAL Network.

"Safeguarding" refers to specific mechanisms, processes, steps and procedures put in place to protect PAL Network staff, partners, children, vulnerable groups, and individuals who come directly into contact with PAL Network’s work. In its broad sense, it means protecting people and the environment from unintended harm, but in this policy, we are focused on preventing and responding to harm caused by physical, emotional and sexual exploitation, abuse. The aim is to minimise the likelihood and impact of these actions towards both the people we are trying to help and also people who are working with our organisation.

"Child protection" is a set of measures adopted by the PAL Network to protect the rights of the children it comes into contact with.

Sexual exploitation is a term that means "any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another."

Sexual abuse means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.

Child abuse is a term used to refer to actions that result in a child experiencing harm, usually as a result of failure on the part of the parent or guardian to ensure a reasonable standard of care and protection. It may include both actions and omissions on the part of the parent or guardian and is normally categorised into four main forms – physical, sexual and emotional abuse, and neglect. It is often the case that a child

discovered to be suffering one form of abuse will also be experiencing others. The following four categories of abuse are universally found\(^3\)

"**PAL Network Participants**" include staff, associates, consultants, the board, advisory members and volunteers

"**Neglect**" is the persistent or severe neglect of a child, or the failure to protect a child from exposure to any kind of danger, including cold or starvation, or extreme failure to carry out essential aspects of care, resulting in significant impairment of the child’s health or development, including non-organic failure to thrive. Neglect may be willful or otherwise.

Management regularly monitors the implementation landscape to establish any sudden and significant changes and ensure that safeguarding is maintained. The decisions to make may include suspending some activities, scaling back, or cancelling of activities.

To the extent possible, whistle blowers will have their identity protected for their own safeguarding. However, in cases where the safeguarding concern being reported is a criminal matter, PAL cannot guarantee that the staff member will have their identity protected, as they may need to give testimony to authorities.

Appendix 1: PAL Safeguarding Protocols and Code of Conduct

I, ________________________________ (insert name) agree that in the course of my association with PAL Network;

I will:

• Create and maintain an environment which prevents sexual exploitation and abuse of children and vulnerable adults and promotes the implementation of this code of conduct;
• Be careful about perception and appearance in their language, actions and relationships with children and vulnerable adults. Their behaviour—including in person and on digital platforms, both online and offline—demonstrates a respect for children, vulnerable adults and their rights;
• Ensure that all physical and online contact with children and vulnerable adults is appropriate in the local culture;
• Use positive, non-violent methods to manage children’s behaviour;
• Accept responsibility for personal behaviour and actions as a representative of the organisation;
• Always accountable for their response to a child’s behaviour, even if a child behaves in a sexually inappropriate manner; adults avoid being placed in a compromising or vulnerable position with children;
• Where possible and practical, follow the ‘two-adult’ rule while conducting PAL’s work, wherein two or more adults supervise all activities that involve children, and are visible and present at all times;
