About the PAL Network
The People’s Action for Learning (PAL) Network is a south-south partnership of organisations working across three continents. Our Vision is to have a world where all children have a foundation for lifelong learning. Member organisations conduct citizen-led assessments and/or citizen-led actions aimed at improving learning outcomes. We generate robust evidence on learning outcomes through oral one-on-one assessments conducted in households. We work with governments and non-state actors in the education space to implement evidence-based programmes for improved learning. We generate new insights to understand learning contexts and issues using data from our assessments, action programmes and other research. We use evidence to track and report on global progress as we advocate for equitable, inclusive and quality education.

PAL Network is seeking applications from current Bachelor’s Degree students for its three (3) months (March to June 2022) Industrial Attachment Programme.
